## **IMPORTANT** - Upgrading to RISC OS 3.10

---

If you are considering upgrading your computers to RISC OS 3 then please read these notes carefully.

### Nexus systems

The Nexus interface card for A300/A400 series, A540 and A5000 computers, and the standard card for the A3000 computer, **must** be fitted with Nexus ROM version 0.27. Any of your cards with earlier ROMs will need to have them replaced. New ROMs can be purchased from SJ Research at a cost of £3 each (minimum credit invoice charge £20).

The simplest way to find the version number of the ROM currently installed on an interface cards is to press f12 and enter:

\*Podules

This will display information on all interface cards in the computer, including the version numbers of their ROMs.

### MDFS file servers

We strongly recommend that any MDFS being used with computers fitted with RISC OS 3 should be upgraded to version 1.10 of the file server code. If you have already purchased MDFS version 1.06 then this upgrade is free, otherwise the cost of this upgrade is £51.50. When ordering the upgrade please give the serial number of your MDFS (if you have more than one MDFS it is important that you specify the serial numbers of all of them; the price given covers all your servers but you will be issued with a separate disc for each server).

The MDFS upgrade addresses a number of RISC OS 3 issues; one of these is that the MDFS Management Software in releases prior to version 1.10 will not work under RISC OS 3. We are unable to support RISC OS 3 operations on earlier versions of the MDFS software.

Are your mailing details correct?

---

Can you please check whether your address on the envelope containing this mailing is correct. In particular, has it been addressed to the right person, and does it include your job title? If it is incorrect in any respect please complete the reverse of this slip and return it to: Sales Department, SJ Research Limited, J1 The Paddocks, 347 Cherry Hinton Road, Cambridge CB1 4DH. If any of your colleagues would like to receive their own copy of our mailings you are welcome to photocopy the slip and ask them to complete a copy.
